Earwood Sketches School Picture To BG Rotarians

Glades County Board representative Henry O. Earwood was guest speaker at the Jan. 10 Belle Glade Rotary Club meeting. He took the opportunity to explain the county's vast school building program to Rotarians.

He pointed out that most of the current building is being facilitated through the use of \$6,000,000 in bonds which bear 2.5% interest. This is a portion of the \$10 million bond issue approved 12 to one by voters recently.

He told his audience that the national average cost per classroom is approximately \$30,000 while Palm Beach County is getting the same work done for only a \$12,292 average. He went on to say that the county school population has doubled in the past ten years to a present population of 39-39 thousand students.

Currently there are 1,325 instructional personnel and 450 non-instructional personnel in schools at a cost of \$11,000,000. Other pertinent information given to the Rotarians was the fact that the administration of the Palm Beach Junior College was under the county school board.

With regard to current interest in the development of more scientists and technical personnel for our nation, Earwood pointed out that students are required to take nine years of science in schools while an additional three years is available on option of the student.

The same is true of mathematics, he said. Earwood also called attention to the fact that a quarter of a million dollars will be spent on Belle Glade High School in the near future. Also, extensive additions are planned for Pahokee High School as well as some \$400,000 at Lake Shore High School of Belle Glade. (The Herald, Jan. 10).

"P" Tag Applications Sent To Tallahassee

It is reported by the Auto Tag Office in West Palm Beach that as long as any "P" tag issued by a county is subject to approval of the Tallahassee office of the State Tag Agency, then the application from Palm Beach County will be forwarded direct to that office.

The regulations make the issuing office responsible for the full cost of a regular vehicle "P" tag is found by Tallahassee to have been issued outside of the strict interpretation of the law by Tallahassee.

You would get the impression that Tallahassee, not the local agencies, is trying to make their being issued except where there is no doubt as to the legal.

FFA States Annual Sweetheart Contest

The Future Farmers of America, Belle Glade Chapter, announced that on Feb. 1, the annual Sweetheart Contest and dance will be held. The future Sweetheart entries will be judged on the following basis: 40% general beauty, 40% talent, and 20% on stage appearance, poise and speaking voice. The contest is chaired by Charles Schweitzer, chairman of the event with assisting committee of Billy Allen, Billy Cowart, Jack Hamilton, Larry Harris, Ronny Kirchman and Morgan Tyson.

Local Loan Association "Out Front" In A Year Of Financial Unrest

Despite the uneasy feeling and the ulcerative disturbances and the hair-raising mental anguish of financial "big-wigs" of our country, the Board of the local Everglades Federal Savings and Loan Association are paying 4% dividends and getting and money to loan in booklets.

They owe no money and the "long green" in the "tightest" mortgage money in years, Everglades Federal Savings and

JOB AND WORKER

J. W. Mosley, Jr., Acting Manager Florida State Employment Service Belle Glade Branch

LET'S PUT TOGETHER—The Florida State Employment Service and the local Emergency Migrant Advisory Committee of Belle Glade and Pahokee have been working to enlist the aid of everyone in these two communities in finding jobs for people who want to work, but who have been unable to find work to do.

J. W. Mosley, Jr., work temporarily because of the unseasonable weather. Early this week I attended a meeting of these Committees, along with local farmers, in order to discuss business and religious leaders. I'm very glad to report that the results of their efforts are most gratifying. Temporary jobs have been found for several people; jobs that have let them earn at least the necessities of life. Also, we have continued to send workers into the citrus area to help in the harvest.

DON'T STOP NOW—It is said "the poor we have with us always," and we can't dispute that. Many of them are helped by existing Governmental agencies, but these agencies have not been regular in their ability to aid all those that are really in need. It is to this group of people that we should turn our efforts, not just in the winter months, but year-round. (Continued on Page Eight)

Harry J. Vaughn Killed in Car Wreck

A Clewiston man, Harry J. (Bud) Vaughn, 36, was killed yesterday when he was struck by the rear end of a semi-trailer early Wednesday morning about a mile west of Bean City. The victim was hurled 100 feet from his vehicle.

A native of New Orleans, he had resided in Clewiston for the past 20 years. He was employed as a first-class welder at the U. S. Sugar Corp. He was a member of Clewiston VFW, Clewiston American Legion and coach of the VFW Midway baseball team in the Inter-city league. He had won the 1942 Victory Medal and other decorations for his four years of foreign service.

County Tax Assessor Sets Visitation Dates For Glades Communities

Palm Beach County Tax Assessor James M. Owens, Jr., will visit the Glades on the following dates for the purpose of assessing property and collecting tax returns on tangible and intangible as well as real property and discuss problems relative to their taxes.

Lake Harbor-Feb. 12, 10-11:30 a. m., post office; South Bay, Feb. 13, 10-11:30 a. m., post office; Loxley, Feb. 13, 10-11:30 a. m., post office; West Palm Beach, Feb. 13, 10-11:30 a. m., city hall.

Owens also announced that the office at the courthouse in West Palm Beach will be open daily until the April 1, 1958 deadline for this purpose.

Loan Association boosted its assets by \$479,108.00, or 54% in 1957, and looks forward to a greater income in 1958. Richard A. Poston, Executive Vice-President and manager, said today in the association's annual report, Mr. Poston said that his institution now holds \$479,108.00 in assets, or 54% more than at any time in its 25-year history.

"We are gratified," he said, "at the community response to our services. In 1958, we will continue to provide a safe, convenient and profitable place for specialized thrift and ownership savings, and will continue to offer home buyers the superior advantages of the conventional home loan."

Church and Masons Observe Last Rites For Joe R. Cherry

The funeral services for Joseph R. Cherry Tuesday in the Methodist Church were held in a crowded church, the Masonic graveside service conducted by Russ Williams, 33 degree, was attended by high ranking members of the Order, local Lodge No. 273, in a body, Rainbow girls, Demolays, a group of the local Eastern Star, and many friends.

The youth of the State and particularly of the Glades took a sincere and energetic walk to the graveside, a group of the local Eastern Star, and many friends.

The funeral services for Joseph R. Cherry Tuesday in the Methodist Church were held in a crowded church, the Masonic graveside service conducted by Russ Williams, 33 degree, was attended by high ranking members of the Order, local Lodge No. 273, in a body, Rainbow girls, Demolays, a group of the local Eastern Star, and many friends.

Morgan Tyson Is Road-E-O Winner

A Belle Glade High School senior, Morgan Tyson, has been declared winner of the 1958 Glades Jaycee Road-E-O, an annual event conducted to select the best teenage driver in the Glades area.

The announcement was made this week by Kenneth Yeager, chairman of the event. Selection of the driver is based not only on driving skill but also on knowledge of traffic rules and regulations tested by written examinations.

Celery And Potatoes With Leaf Crops Make Up Weeks Car Loadings

One car of corn left the Glades by rail this week. Potatoes accounted for 29 cars, celery, cabbage and lettuce for 22 cars, and leaf crops for 10 cars, making up the total rail loadings.

Harvest and grading has brought to light a considerable amount of damage not heretofore evident. Shock and damage from frost and water begeth the potatoes, the vegetable is run over a grading belt, and predictions are that several weeks will have passed before new growth will show up in the graded pack.

Pahokee Lady Wins On Catchy Slogan

It seems each week the judges are finding it a wee bit harder to select the BUY-RIME winner.

The response is terrific and most gratifying to the Belle Glade Herald.

Folks who receive the paper in many parts of the country are great fun to read, joining in the fun by rushing their rhymes and "rhythms" to us. This week we have another winner from Pahokee.

Winning BUY-RIME was "Penny-wise people always prosper at local stock piles."

"They shop the Glades, they make better trades, without those extra miles."

Mrs. Joe Alderman of Pahokee sent it in and we wholeheartedly agree with her thinking.

Why not turn to our BUY-RIME DIRECTORY and try your luck at poetry? It's simple and fun and the merchant's listed are most capable of serving you, anytime.

Palm Beach County Is Named Disaster Area

Governor LeRoy Collins has added Palm Beach County and three others to a list of recommended disaster counties which should be eligible for free cattle feed under a U. S. government emergency program.

As a result of heavy rains and the freeze, the governor asked President Eisenhower to declare the western portion of Indian River, St. Lucie, Martin and Palm Beach disaster areas.

Collins has already recommended relief to farmers in parts of Okeechobee, Hendry, Glades, Highlands, Collier, DeSoto, Charlotte and Lee counties.

"Nattie" Taylor Elected Pres. Of Fertilizer Group

At its annual meeting held Tuesday in Okeechobee, Nattie Taylor of the Wedgworth organization was elected to the presidency of the Inland Fertilizer Council.

The council is composed of the fertilizer mixers, mostly in the south, and is distinguished from the larger firms at the seaports, and busies itself with the problems of the local operator.

THE LADY AERIALIST Here is a music major in Florida State University, or hopes to be a Home Ec teacher, or a young man majors in Business Administration, or is probably studying to be a dentist

All performers are students and participate in the "Flying High" Circus as part of the physical ed classes.

The circus will perform on Saturday night, February 22 at the High Athletic Field. Most performances away from school are over weekends so as not to interfere with regular class work.

Thrills, color, music and beauty of Florida State University's "Flying High" the world's greatest college circus, is coming to Belle Glade Feb. 22 presented by the Belle Glade Rotary Club.

With all the dark light, high trapeze, specialty and novelty acts of any circus anywhere, the production will last about two hours. A troupe of 50 FSU students will headline the show.

Most features in their special bus, painted with gay decorations of circus the world over, the FSU troupe will stage ten acts, each of which will be the "Cloud Swings," where a lovely codd performs in a giant swing 30 feet high. "The Flying McCombs," action on a swinging trapeze and tight wire walking.

Another feature is X "The Bola-Rola," where a male student balances a lovely codd on top of his head while standing on a board across a rolling log.

Jaycees Bosses' Night

Thursday night, Jan. 23 will be Bosses' night for members of the Belle Glade Junior Chamber of Commerce. Each member will honor his boss as his guest at a dinner meeting to be held at the Belle Glade Junior Chamber Club at 8 p. m.

Police Roadblocks Net One Violator; Chief Says Program Successful

Roadblocks set up at Belle Glade for the purpose of apprehending juvenile delinquents and drivers license restrictions have netted only one offender, Police Chief Charles Goodlett said today.

Goodlett said the crack-down had the full cooperation of Belle Glade High School, Principal Frank O. Hobson, who warned students of impending prosecution for violations through an announcement made at the school.

Goodlett warned again that all violators will be prosecuted and asked for continued cooperation from parents and students as well. Student drivers away from school are over weekends so as not to interfere with regular class work.

Jaycees Complete Successful Year

George Rashley, President of the Belle Glade Junior Chamber of Commerce, announces that the week of Jan. 19 through Jan. 25 is "Jaycee Week." The local club will celebrate this week, Rashley said, "with the usual energy and community spirit."

With all the dark light, high trapeze, specialty and novelty acts of any circus anywhere, the production will last about two hours. A troupe of 50 FSU students will headline the show.

Most features in their special bus, painted with gay decorations of circus the world over, the FSU troupe will stage ten acts, each of which will be the "Cloud Swings," where a lovely codd performs in a giant swing 30 feet high. Dairy Cows Sell For \$16.62 In Big Slaughterers Sale

With 90% of the 752 animals sold Monday going to slaughter, all items were steady, with calves strong.

An interesting sale was that of 18 dairy cows which brought \$18.50 each at an average of 1120 pounds.

Generally the cold and wet have caused a lull in most animals which they will regain shortly with proper weather. Seven young Shetlands will be offered following next week's sale.

Migrant Problem Not Wide-Spread At This Time

The Belle Glade Emergency Migrant Committee and a group of concerned citizens from Pahokee and surrounding areas met at Ocala nursery to discuss problems of unemployment and the current needs among a segment of the migrant population in this area.

County and state welfare workers also attended the meeting, including welfare workers and public health representatives. Others included growers, school officials and the Florida Christian Ministry to Migrants.

Nothing that a normal between-the-season lull exists in December and January among bean pickers and packers, and that normal flow of workers to the coast was curtailed because of the freeze, the group set out to discover a factor to minimize the needs of migrants.

We are not, they felt, in a period of mass unemployment or mass emergency at Belle Glade, as was originally supposed. There are spots of unemployment, and some are critical.

In addition to the usual field and packing house workers, there are a number of new persons in the area as a result of lay-offs in northern industry. Those from Arkansas and other reasons. Only skeletal work exists for these people.

These spots of need are being handled quietly and unobtrusively by local community efforts, the Council pointed out. The Migrant Committee is appealing to farmers, local business people and anyone else who can help up and hire.

Representative Emmett Roberts told those present that the more care is taken to handle the problem of a permanent migrant study group to consider all problems of migrants, not just at a time of need.

Officials informed those attending the meeting Monday that previous to the freeze to supply food to the area on a mass scale in the event that a major emergency develops in the future.

Busy State Held By SB Council

A sick leave policy for city employees, a raise for a city employee, approval of new city ordinances, and other arrangements for a rabies clinic were among topics which received action at the South Bay City Council meeting Monday night.

City Council meeting Monday night. City Council meeting Monday night. City Council meeting Monday night.

The council agreed that a seven-day sick leave policy for all city employees be in effect retroactive to Jan. 1, 1958, and absences in excess of seven days should be paid for the cause for loss of pay during absence.

The council instructed the city clerk to write Henry Blum for \$2,000 in the district.

(Continued on Page Eight)

Growth Indicators Give Favorable Picture Of Belle Glade Expansion

Several barometers of growth have been discovered in a check of Belle Glade and area-wide records which indicate that the city continues to grow and expand and enlarge in spite of seasonal setbacks in the vast agricultural industry, the city's principal reason for existence.

Present Belle Glade Chamber of Commerce estimates on population for the corporate city limits is 10,000, including six thousand residences. A special census in 1955 listed the city's population at 8,500.

Water revenue in October 1956 amounted to \$8,857.70. In 1957 the figure was \$10,061.85. In January of last year the city had 1,743 customers. They have increased to 2,482 as of December 1957 and the city now estimates that by Feb. 1, 1958, approximately 1,900 customers will be served.

Gene Parnell Represents Pahokee At Road-E-O

Pahokee's representative in the Teenage Road-E-O at the local competition at Fort Lauderdale Saturday will be Gene Parnell, a Pahokee High School senior, who placed second in district competition last year.

In making the announcement, Pahokee City President R. C. Lane said Kyle Scott, driver education instructor at the high school, and chairman of the event in that city, would accompany Parnell to Fort Lauderdale where the young driver would compete with winners from 12 other clubs in the district. Other Jaycee members were expected to attend.

Biggest County Fair Expected

With the grand opening late next week, preparations for the annual Palm Beach County Fair, Southeast Florida's largest agricultural and industrial exposition, are entering final stages, preparing to handle the largest crowd in the history of the big show.

Equipment for the great "Gayway" with more than 25 rides and many new shows will be moving in next Monday and Tuesday; the 6,000 seat grandstand at the Speedway has been put in tip-top shape for the championship auto races, thrill shows, bike races and Volunteer Firemen's tournament, among

the feature attractions during the nine-day fair.

By opening night, Friday, January 24, from 20 to 30 acres of hard-surfaced parking area, with a four-lane entrance from State Road 80, will be ready at the new Fair Grounds at the Speedway, providing free parking for thousands of cars.

Thursday night, in downtown West Palm Beach, will be one of the largest and most elaborate parades in the history of the county, with colorful marching units, school and military bands, and many fanciful floats, including a number from the Orange Bowl Parade on New Year's.

Throughout the county, members of the Jaycees reported sales of thousands of advance admission tickets. Clubs from West Palm Beach, Boca Raton,

Belle Glade, Pahokee, Lake Worth, Delray Beach and Riviera are participating in the sale, with a portion of the funds allocated to their own charitable and civic work.

Social Security Wage Reports Due

Farmers and ranchers are reminded that the 1957 annual social security wage reports for agricultural workers are due in January.

According to R. C. Gehlen, Jr., district manager of the West Palm Beach social security office.

All farm or ranch workers are covered who: (1) were paid \$150 or more in cash wages in 1957 by one farm employer, or (2) worked for any agricultural employer on 20 or more days during the year where the cash wages were figured on a time basis—hourly, daily, weekly, etc. It is the employer's responsibility to report the wages and remit the social security tax on such wages to the Internal Revenue Service.

Any farmer or rancher who has one or more such covered employees should apply for an employer's identification number from the District Director of Internal Revenue, Jacksonville, Florida. The Internal Revenue Service will then supply the necessary forms on which the reports are to be made. The reports call for the employer's name, social security account number, and the total cash wages paid him during the year.

The tax rate is 4½ percent of the total wages up to \$4200 in a year for each employee; 2½ percent of this tax is withheld from the employee's pay. The other 2½ percent is the employer's "matching" amount.

More detailed information may be obtained from your social security representative or your District Director of Internal Revenue.

Civil Defense Meeting Set At West Palm Beach

The announcement of a conference on civil defense for nurses and others in the county interested in civil defense has been made this week, according to a spokesman for District Nine, Florida Nurses Association.

The conference will be held at Howe's auditorium, Good Samaritan Hospital, West Palm Beach, Thursday, Jan. 30, 8:30 a. m. to 4:30 p. m.

Those who cannot attend the full day's meeting should attend the summary meeting the same day 7:30 to 9:30 p. m., the announcement said.

County Agent's Office Says Cattle Producers Should Take Stock Now

The closing days of the old year and the first days of the new are traditional times to take stock of your business.

Price suggests that this is a good time to review your cattle operation with an eye to production.

Factors which contribute to a high income from the calf crop are: (1) weight of the calves, (2) quality or grade, which determines the price per pound, and (3) the number of calves weaned per cow bred.

Dr. Marvin Koger of the Florida Agricultural Experiment Station lists some things that can help improve the producing ability of your herd. For example, there is an astonishing difference in the income produced by different cows running in the same pasture with the same feed.

In a recent study, the bottom 10 percent of the calves from one of the station-owned herds and replacing them with heifers from good cows will markedly improve income. Price declares. In fact, the low-producing cows are not paying for their keep; it is an advantage to cull them even though they cannot be replaced this year.

To produce the largest number of good replacement heifers, mark or sort out the best cows to breed to the best bulls. Then the use of the good bulls will not be wasted on inferior cows. This is of extreme importance from a long range point of view.

Reproductive efficiency is, of course, the factor that determines the number of calves you will have to sell. Attention to this factor will probably improve income more quickly than any other factor. It will be two years before a cow that is now open can return any income to her owner. With present-day pasture and production costs, we cannot afford to keep many such animals on the place.

According to Price, one of the best procedures to improve reproductive efficiency is to have the cow herd checked for pregnancy in the fall. Any cows that were dry this year and are open again should be culled.

MAESTRO for the new Palm Beach Music Festival is Boris Kogan, who has been musical director for many top Broadway shows. Kogan will conduct the full orchestra at the unique musical arena theatre which will be bringing the best Broadway shows to the Palm Beaches opening January 24 through 28 with Rodgers and Hammerstein's "Carousel."

Some Losses Are Tax Deductions

Laurie W. Tomlinson, District Director of Internal Revenue, today called attention to a provision of the Federal income tax law which may benefit the taxpayers of this state who suffered a loss due to the recent freezing temperatures and rains.

Mr. Tomlinson explained that taxpayers may claim a deduction for their income tax returns for property losses incurred due to a casualty such as fires, storms, freezes, or other casualty.

Mr. Tomlinson pointed out that taxpayers who qualify and elect to claim a deduction should include the following information with their income tax return:

(1) The nature of the casualty and when it occurred; (2) That the loss was the direct result of the casualty; (3) The cost or other adjusted basis of the property; (4) Depreciation allowed or allowable, if any, in prior years; (5) Values before and after the casualty (pictures and appraisals before and after the casualty are pertinent evidence); (6) The amount of insurance or other compensation received because of the casualty.

Mr. Tomlinson stated that the property did not have to be completely destroyed in order to claim a deduction but that a loss could be claimed for par-

persons received aid to the blind totaling \$4,684. There were 629 families, representing 1,944 children, receiving aid to dependent children in the amount of \$37,864.

Also, 110 persons received aid to the disabled in the amount of \$5,296. In addition 132 children, received service during the month, 75 of whom were in foster homes. The total state and local cost for these child welfare services was \$4,368.19.

He further stated that taxpayers having questions on this matter may obtain help by calling or visiting the local Internal Revenue Office nearest their home or writing to the District Director of Internal Revenue, Jacksonville, Florida, for Internal Revenue Service Publication No. 155 which covers losses from casualties.

der and Mrs. Helen D. Woodward, West Palm Beach.

Kissimmee River Valley Development Planned By Jax Corps Of Engineers

In the planned development of the Kissimmee River and the Kissimmee River Valley as an integral part of the C&SFDC project, it is expected that structures having material effect on navigation on the Kissimmee River will become necessary.

As now planned, eight locks would be constructed on the main water route between Lake Tohopekaliga and Lake Okeechobee, each lock having

a chamber 15 feet wide and 50 feet long.

As navigation on the river will be largely recreational in nature, operation of the locks each day from 7 a. m. to 7 p. m. only is proposed.

Persons having information relative to the proposed construction should submit such information in writing in sufficient detail to provide a clear understanding of the reasons contained, states the District Engineer, Corps of Engineers, Box 4970, Jacksonville, Fla. Such information should be received on or before Feb. 3, 1958.

When prosperity comes, do not use all of it.

Spray DuPont Manzate

Year after year, Du Pont "Manzate" helps more Florida growers produce higher yields of better quality tomatoes. That's because no other fungicide yet tested has done so well as "Manzate" in the control of early blight, late blight, grey leaf spot. With "Manzate" there's no need to switch

from one material to another . . . a simple, one chemical program covers the entire season. "Manzate" is mild on plants . . . permits maximum growth of healthy, vigorous vines and fruit. For the very best protection, spray Du Pont "Manzate" . . . the most widely used tomato fungicide in Florida.

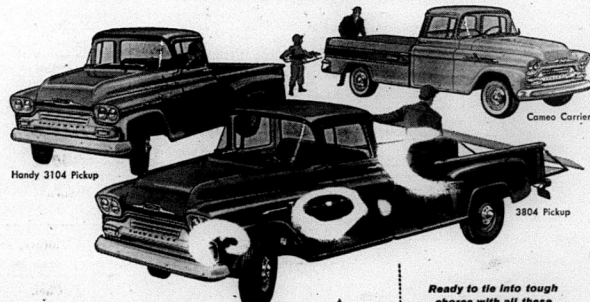

On all chemicals, follow label instructions and warnings carefully.

REGULATED MEMBER

UP TO THE STATES

President Eisenhower belongs to that fast-growing group of authorities who believe that one way to bring about tax reduction is for the states to assume responsibility for some of the costly activities that are now carried on by the federal government.

The President proposes a "task force for action" which would have a three-pronged job: "To designate functions which the states are ready and willing to assume and finance, that are now performed or financed wholly or in part by the federal government; to recommend the federal and state revenue adjustments required to enable the states to assume such functions; and to identify functions and responsibilities likely to require state or federal attention in the future and to recommend the level of state effort or federal effort, or both, that will be needed to assure effective action." As specific examples of programs in which there should be greater state participation, the President cited land clearance and disaster relief.

It is an obvious fact that the federal government can only spend money which it has first taken from the people and the enterprises of the states. It is also a fact that a substantial proportion of that money is absorbed by federal administrative overhead — and that in most instances the states would get more concrete return out of each dollar if they did the work themselves.

Moreover, the money saving, important as it is, would be only a part of the benefits that would result. If the states knew they had to do their own financing, they'd examine spending proposals with much more critical eyes — instead of seeking government aid for all manner of unnecessary projects. Then, best of all, there would be reaffirmation of the largely forgotten principle that local needs should be met so far as possible by local action — a principle which lies at the heart of free, representative government.

RETAILING IS COMPLEX

The United States Department of Labor's Bureau of Labor Statistics has issued a study of employee earnings in retail trade. The first paragraph reads: "The distribution of goods at retail in the United States is carried on through a vast complex of industries. These retail trade industries differ among themselves in labor force requirements, methods of wage payment, and other characteristics. For example, women employees predominate in some retail industries but not in others. Some industries operate typically through single stores; in other industries, large chain-store enterprises account for most of the employment. The retail trade work force embraces a wide range of skills in the purchasing, merchandising, accounting, maintenance, and related activities required for the functioning of the industry."

That is a purely factual statement from a purely factual report. But it points, by inference, to the reasons why Congress has exempted retailing from the federal wage-hour law ever since the law came into being — and why that exemption should be continued. Retailing is too varied, too complex, too different in its many facets, to operate effectively and efficiently under an inflexible law that falls upon everyone everywhere with equal weight. To take but one obvious example, a store selling high priced jewelry is in a far different position so far as the going wage is concerned than a store selling low-priced clothes which demand little or no experience or ability on the part of the clerk.

Seacrest Nips Rams In Tight Game Here

The Belle Glade Rams, holding a 21-17 advantage at half-time over the visiting Seacrest Hawks, lost in the final quarter with a score of 42-46. The home team was minus the services of rebound ace, Howard Roberts, who was ill. John Thomas led the Rams for the seventh time and sixth time as high man on the court with 19 points.

Fred Sexton boosted the Seacrest Hawks for 13 of his 15 points in the second half, including seven free throws in the final quarter. Chancellors made 11 points for the Rams, scoring and laid out industrial field, 5, Collinsworth, 5 and

Harris, 2.

The win gave the visitors a 2-2 loop mark and the Rams are holding a "B" game 34-32 in overtime.

Meeting Of Industrial Sites Committee Held

Mr. and Mrs. George Young were hosts at their home to members of the Industrial Sites Committee of the local Chamber of Commerce at a meeting Tuesday night.

Mr. Young, chairman, James Ball, Junior Harris, L. E. Price, Charles Goddett and John Young studied county and city zoning and laid out industrial sites on the map.

Returns on REAL ESTATE, TANGIBLE and INTANGIBLE PERSONAL PROPERTY should be filed at this time. I respectfully urge all taxpayers to meet me at the various appointments and make their returns. I shall be glad to discuss any tax problem you may have and help you in any way possible. If for any reason you cannot meet me at these appointed places, the Tax Assessor's Office, County Court House, West Palm Beach, will be open for the purpose of receiving returns until the first of April. After that date no returns can be filed, nor can a homestead be accepted.

The students attending this Music Clinic are able to observe correct interpretation of contest music and will be better prepared for the district contest which will be held in Belle Glade in March.

Frederick Stevens, director for the Glee Club and Mr. Munroe attended lectures and classes at the meeting of the Florida Music Educators Association.

Audubon Screen Tour Slated In Clewiston

An Audubon Screen Tour, "Cypress Kingdom", filmed in Corkscrew Swamp, Okefenokee Swamp and other Cypress regions in Southwestern United States, will be presented by the Lake Okechobee Audubon Society and the Clewiston Garden Club at the Sugarland Auditorium, Clewiston, Thursday, Jan. 23 at 8 o. m.

This is a 90-minute film, photographed by the National Audubon Society by Bayard Road, who photographed the Walt

servation program of the National Audubon Society. It deals with conservation of the wetlands.

The Audubon Screen Tours are a comparatively new innovation and have had enthusiastic

acceptance in Palm Beach and other localities in Florida. This is the first presentation in the Lake region.

Donation will be 50 and 75 cents. The public is cordially invited to attend.

Garden Club Slates Arbor Day Planting: Tours on January 28

The first meeting of the new year was held by Belle Glade Garden Club Thursday afternoon at the Community Club House with Mrs. Victor M. Loeber, 1st vice president presiding in the absence of Mrs. Lorie Warren, president.

Announcement was made of the observance of Arbor Day by the club by planting a tree on the high school grounds Jan. 17; the tropical short course at the University of Miami Jan. 21-31 and the tour of Everglades National Park with a picnic lunch at Everglades (located between Lake Harbor and Clewiston) on Jan. 28. Members and others wishing to attend are asked to meet at the Club house at 9 a. m. If transportation is needed contact Mrs. J. F. Browne in advance, chairman for the event. Mrs. Irvin Zumpf, was in charge of a horticulture work-

shop and demonstrated the care and repotting of orchids and Mrs. Ivan Van Horp demonstrated the rooting of begonia leaves.

First place was taken by Mrs. Zumpf in the specimen contest on potted begonias.

Hostesses were Mrs. Bryant Gordon, Mrs. J. Leighton Scott and Mrs. Glenn Smith.

Rites Held Saturday For William P. Walker

Last services were held for William P. Walker, 85, former city clerk of Pahokee for 16 years, at the Pahokee Methodist Church of which he was a member, on Saturday at 10 a. m. He died at a local hospital Thursday afternoon following a brief illness. Rev. Wayne Owens pastor of the church of which he was a member officiated and burial was in Woodlawn Cemetery West Palm Beach.

Mr. Walker had lived in Pahokee for 32 years and was a retired business man. Survivors include a son, W. Robert Walker, Pahokee; a daughter, Mrs. Mary Sue Weathers, Miami; two brothers, Marshall of Brownsville, Texas, and D. C. Morgan and B. Elliott.

Funeral services were held at the Wehring Funeral Home, Pahokee, in charge of arrangements.

Cub Scout News

DEN No. 5 with Mrs. Myron E. Ludlow and Mrs. Sid Smith as Den Mothers enjoyed an editorial trip to the Belle Glade Herald newspaper office on Monday afternoon.

George Faulkner, Den Chief assisted in escorting the boys which included: Gene Hollingsworth, Robert Kirchman, Tommy Murray, Felix Parrish, Sid Smith, Jim Ludlow, Dan Lanier and Gene McClure.

The boys showed great enthusiasm and all expressed their appreciation to the entire firm and its workers for allowing them to become acquainted with the newspaper industry.

Head Receives 18 Years

Walter Head, Belle Glade negro, was sentenced to 18 years at Ralston Penitentiary Monday by Criminal Court Judge Hugh MacMillan for assault with intent to kill Carrie Randolph, Belle Glade negro woman, last Dec. 21.

Belle Glade Police were notified this week that Indiana State Police wanted Head for parole violation, but did not give any more information other than to say that they would file a warrant with the state to take Head into custody at the end of the 18 years.

PFC Johnson Assigned To Airborne Division

Army PFC Floyd Johnson, 109 N. W. Sixth st., Belle Glade, Fla., recently arrived in Germany and is now assigned to Company B of the 11th Airborne Division's 127th Engineer Battalion.

Johnson, whose parents live at 840 N. Florence, Lakeland, entered the Army last February

and completed basic training at Fort Benning, Ga. The 23-year-old soldier attended Washington Park High School in Lakeland.

Belle Glade Soldier Trains In Germany

Eugene Keith, son of Mrs. Margie M. Gordon, 633 S. W. Avenue D, Belle Glade, participated in a recent field training exercise near Grafenwohr, Germany, with members of the 10th Division's 10th Infantry. Specialist Keith, an automatic rifleman in the infantry's Company A, entered the Army in May 1956 and received basic training at Fort Ord, Calif. He arrived in Europe in November of that year.

The 22-year-old soldier attended Everglades Vocational High School.

NEGRO NEWS

Dog "Blamed" In Auto Mishap Here Saturday

Jumping from a vicious dog added injury to insult Saturday night and resulted in an accident at SW 6th St. at Ave E, according to Police Chief Charles Goodlett.

Accident reports show that Willie Brown, 26-year-old Belle Glade Negro, received compound fractures of leg and hip when he fell in front of a west-bound auto driven by John Howard, also negro, 300 SW 6th St., Belle Glade.

Brown was walking east on Avenue E with Robert L. Massey when a dog ran out from a house nearby causing Brown to jump into the street. Massey tried to snatch Brown to safety; however, Brown fell in front of the auto.

The driver stopped thinking he'd run over a dog and discovered the accident. Police ruled the accident unavoidable. Brown was taken to Belle Glade Memorial Hospital.

Two Spot Is Entered

Another breaking and entering incident at the Two Spot on SW Ave B was reported by Belle Glade police this week when a dog ran out from a house nearby causing Brown to jump into the street. Massey tried to snatch Brown to safety; however, Brown fell in front of the auto.

The spot is owned by Willie Ransom, known as "Piccolo Bill." Chief Goodlett remarked that the Two Spot incident was the only major crime incident this week. Breaking and entering cases have dwindled somewhat since the peak of the past two weeks.

Negro Births

LOCAL LOAN ASSOCIATION—(Continued from page one) The savings and loan executive summarized his institution's 1957 operations as follows:

1. Net savings were increased by \$63,523, or 9.9 per cent, bringing total savings at year's end to \$699,040.46.

2. Savings account deposits were expanded to 2649, representing a 34.43, or 13 per cent, more than at the beginning of year.

3. A total of \$226,000.00 in earnings, 16 per cent more than in 1956, was paid to savers for use of their funds.

4. The home mortgage loan portfolio was decreased by \$1,000,000, or 12 per cent, in 1957, bringing the total of home loans outstanding to \$7,243,216.83. This was due to an unusually large pay-off on loans by mortgagees.

5. Mortgagees were increased to \$712,670.26 and now exceed the reserves on hand. The beginning of 1957 by \$85,000.00, or 13.1 per cent.

In reviewing business prospects for 1958, Mr. Pooton said the outlook for savings and the home mortgage business was more favorable than during 1957.

He predicted the housing industry would fare somewhat better in 1958, with production above 1 million units. The rise would be due, he said, to a greater supply of mortgage money, the decline of families joined, has indicated the times of arrival and departure of migrants, habits leaving and returning during one season, tendency of high school students among them to attend their high school education.

The instability of the economy due to following the harvest season causes difficulty to County school boards in providing facilities and teachers, according to Board Chairman Henry H. Talbot.

California and Colorado are continuing studies of the migrant children problem, particularly with regard to education and health, and some other states, such as New York and Michigan have begun searching for solutions to the same problem.

The report of the two-county three-year study, when completed will be available to all communities in the country and is expected to be a valuable help in the solution of the many problems.

Dr. Curtis, Research Department, School of Education of the Tallahassee school, is taking advanced work leading to a Doctorate.

Reports of a three-and-a-half year record of migrant children in the Glades schools, as discussed by Dr. Curtis and Miss Pooton, "imply" the many vexatious problems attendant to "getting the children in school and substantial attendance."

There is a marked improvement in both getting the children registered and in their attendance, the speakers emphasized.

The two-county study, in money, the decline of families joined, has indicated the times of arrival and departure of migrants, habits leaving and returning during one season, tendency of high school students among them to attend their high school education.

Vero Beach Stops Rams Squad 47-42

Belle Glade High School's Golden Rams basketball team lost 1-3 in Suncoast Conference play after the Friday night loss to Vero Beach 47-42. The overall win-loss record was 2-4 for the year.

John Thomas poured in his usual 20-plus points to be high man for the evening with 24. He now has a 20-point per game average. Indian Calvin Cox got 14 and Capone hit 13 while Whittier was the only Vero double-figure man with 10.

The Rams held the Indians to only two free throws and no field goals in the second period, but the hosts rallied to out-point the Rams the rest of the way.

Name _____ Phone _____

Address _____ Occupation _____

Bring or mail this coupon (or duplicate on plain paper or post card) to The Belle Glade Herald office, 425 S. Main. We will pay \$10.00 in cash for the best Buy-Rime.

THE GLADES IS THE PLACE TO SHOP

LOCAL TEAMS SCORE HIGH

When you become a part of the local customer-merchant team you are really headed for the big time.

It isn't just anybody's ball game when you shop in your neighborhood stores. You are associating with friends. You will experience faith and courtesy in meeting the budget and score a little on the side for a rainy day.

Why not try out for the team? Why not learn what sport it is to play the game like your neighbors do?

You will enjoy taking a swing at the old ball by buying and paying for merchandise or services from your local Buy-Rime Directory Dealers. As soon as you enter their front door, you know you have reached first base. They'll never throw you a curve on any purchase, and they will send you home every time matching your dollars with QUALITY and VALUE every step of the way.

USE THIS RELIABLE DIRECTORY

<p>Each Friday for 26 weeks \$10.00 cash will be paid for the best line rhyming with the current "Hidden Slogan." Best of the 26 weekly winners will win a \$50.00 GRAND PRIZE. Buy-Rimes should correspond with the "Hidden Slogan" in Rhyme and Meter. Preference is given to lines boosting "Local Trade." Example: (do not copy) If the "Hidden Slogan" is: "You Should Do Yourself a Favor," then your Buy-Rime might be: "AND PAY A VISIT TO YOUR NEIGHBOR." You need buy nothing to enter the contest, but to qualify you must write the weekly "Hidden Slogan" formed from words with an asterisk (*) scattered among the ads. PTA Gives School Opague Projector

Members of the South Bay PTA at their regular monthly meeting voted to spend \$300 for an opaque projector to be used in the school's audio-visual program, after examining the machine the group was impressed with its features and in, being able to project upon a screen, an exact enlargement of a picture, drawing or nearly flat object. The item demonstrated included written material to any magazine or picture.

Following the approval of last month's minutes and the treasurer's report there was a discussion on the permanent evergreen tree for the front grounds of the school. It was agreed that this would be included in the plans for overall landscape improvement, following the completion of the building now in progress on the grounds.

A safety committee headed by Mrs. Frank Willis will report at the next meeting on ways of improving bus safety on the road and what other measures are being done in this respect.

Planned for the next meeting the program on health and founders Day will be combined. Mrs. O'Neal Walker, vice president, presided in the absence of the president and an inspiring devotional was given by Sister Wilkinson of the local Mormon Mission.

Following the meeting a social hour was enjoyed with Mrs. C. E. Crichfield and Mrs. Floyd Crichfield in charge of serving delicious refreshments.

School Daze

Junior Magazine Sale

The Junior Class of BGHS, sponsored by Mrs. Roy Litchfield, Miss Viola Eassa, Wayne K. Fortenberry, and Vincent Marquess, began its annual magazine sale Jan. 10. Anyone, anywhere, interested in subscriptions, is for some reason not yet contacted in the next few days.

A goal of \$2,192.18 has been set, one-third of which will be used to help finance the junior-senior prom and banquet, the greatest annual event of the school year. For each additional \$350 earned after the goal is reached, the publishing company providing the magazines will give the class an additional \$100.

Prizes will be awarded to the top salesperson. First prize—\$10; Second prize—\$5; Third prize—\$3; Fourth prize—\$2. The first five students to report in with a sale will receive a silver dollar.

A Day At The Fair

The members of the Future Homemakers of America Club will attend the State Fair in Tampa February 7, where they will participate in the observance of Future Homemakers and Future Farmers Day of their fair. There will be exhibits on display and a special program.

To raise money for the trip the girls have decided to wash windows and baby-sit and do other odd jobs between now and February 1.

To acquire the services of these girls call Mrs. Roy Litchfield or any one of the members.

If you happen to be at the fair on Saturday, February 14th, stop and see the FFA exhibits. Then when you see a young lady dressed in the FFA colors, red and white, which symbolize courage, the determination to succeed and purity you may say with confidence, "She is proud of her destiny as a homemaker."

Bed Cross

Martha Davidson, Linda Goforth, Mary Gofforth, and Kay Bayburn represented BGHS at the January meeting of Palm Beach County Junior Bed Cross which was held at Northboro School in West Palm Beach.

Material was brought back from which favors will be made. These favors will be sent to hospitalized patients. They also brought gift boxes to be filled and sent overseas.

From

The date of this thrilling event has been set for March 28th.

The banquet which precedes the prom on the evening of the 28th is for juniors and seniors exclusively, but the prom may be attended by juniors and seniors and their dates, providing the date is a member of the sophomore class or above. The sophomores who serve at the banquet may also attend the prom even though they are not invited by a junior or senior.

The junior class, which is responsible for earning the funds for the prom and banquet, already has a net profit of \$254.11, proceeds from the food

booth which they helped to operate during the 1957 football season.

Magazine Sales

Bette Norman, Arlyce Bedsole, Bill Van Landingham, Frances Fontaine, and Sherry Missou were each awarded a silver dollar because they were the first five to report sales of \$30 or more. The junior class members have until Monday, Jan. 21, to beat the record of the junior class of 1957-58. That record is \$2,192.18 and the goal of this year is \$2,192.19.

Local Youth Initiated Into Pershing Rifles

Louis W. Friedheim, son of Mr. and Mrs. Joe Friedheim of 336 South Main St., Belle Glade, was recently initiated into the National Society of Pershing Rifles at Spring Hill College, Mobile, Ala. Pershing Rifles is a fraternal association of precision drill teams for basic course ROTC cadets throughout the United States.

Friedheim, a freshman at Spring Hill, was inducted at the Mobile unit's first annual formal initiation dinner dance at the Brookly Air Force Base Officers' Club, January 11, 1958. The orchestra of the late New Orleans jazzman, Papa Celestine, played for the dance.

Honored guests at the affair included P/R Col. Fred Dent, Jr., regimental commander from Baton Rouge, La., and his entire regimental staff.

Young men interested in a National Guard future may call week days at the army south of Belle Glade on SR 80 where M/Sgt. Douglas Lee has full particulars.

Guard Section Slated For Next Sunday Here

All-day drill and classroom sessions are on tap for officers and enlisted men of Company E, National Guard at the Belle Glade armory Sunday, Jan. 19, according to Commanding Officer 1st Lt. Lowell Bass.

Classroom work and practical exercises on map reading and compass use will be studied, he said. Company strength is now 56 enlisted men and four officers.
